## Look for Corporate follow-up, firm follow-up, follow-up **Educational Providers**

A young investor is looking for a language school and/or an educational institution to take over.

The language school should offer German courses for international participants and/or job coaching should ideally be telc-certified or approved as a provider for integration courses.

An educational institution should have AZAV certification and carry out measures on behalf of the Employment Agency and the job centres.

The takeover of the existing employees is expressly welcomed.
