Aquarium trade

Sale of an online shop that specialises in the production of special-size aquariums as a retailer.

There are already over 1,000 special-size aquariums (the largest in Europe) and a large hardscape assortment (the largest in northern Germany) in stock.

On 350sqm with exhibition and warehouse sales, near Hanover directly on the A2.

The company is constantly growing and due to the high level of awareness of the modern online shop, other business branches such as fish and plant trade can be integrated to increase the yield.

On social media, the shop has about 34,000 followers.

The administration of the online shop can continue to be guaranteed by the seller as a freelancer.
