Business for sale more than 15 years

ID 27105

## Look for Corporate sales, firm sales, sales **Container Service / Disposal / Recycling**

I am looking for a small to medium-sized company in the areas of waste disposal, recycling, recycling centre, container service or related services in the Rhine-Main area to take over or actively participate.

Owner-managed businesses with approx. 3 to 10 employees, an existing customer base and ongoing business operations are particularly interesting. Smaller family businesses or age-related succession solutions are also expressly welcome.

In particular, the following are sought:

Container Services  
Recycling and recycling companies  
Scrap and disposal companies  
Circular economy and environmental service companies

The focus is on the long-term and responsible continuation of the company as well as the preservation of existing jobs.

Flexible models possible:

complete takeover  
gradual participation  
Joint transition phase

A discreet and serious transaction is of course assured.

### [Corporate sales](#)

Region 60, Germany  
Entry in own name
