Look for Corporate sales, firm sales, sales

Retail, Press, Book, Tobacco, Convenience, Non-Food

We are looking for nationwide established retail companies for acquisition with a focus on the press, books, tobacco as well as supplementary convenience and service offerings.

We are looking for economically sound companies with existing customer frequency in good to very good locations, especially in city centres, train stations, shopping centres or comparable high-frequency locations.

The focus is on companies with an annual turnover of approx. €800,000 or more as well as a comprehensible earnings structure and development potential. Both classic retail concepts and businesses with service and additional offers are of interest.

Adjacent concepts with a comparable orientation can also be examined, provided that there is a stable customer base, a suitable location and a business model that can be expanded in the future.
