Offer Corporate sales, firm sales, sales

Online shop

For sale is an established direct-to-consumer (D2C) brand in the field of portable blenders and mobile kitchen appliances. The company has a professionally built Shopify store, an established brand identity, as well as an existing customer base of over 4,000 shoppers.

The brand was founded at the end of 2023 and has successfully positioned itself in the growing health, fitness and lifestyle market. It offers high-quality, portable blenders for smoothies, protein shakes and fresh drinks – ideal for use at home, in the office or on the go.

The company currently generates annual sales of around €120,000 with a profit margin of around 70%. The online shop has an average of around 7,000 visitors per month and is operated with a low operational effort of about 10 hours per week.

A special added value is the already existing stock of around 3.
