Offer Corporate sales, firm sales, sales

## **Travel agency / online travel portal**

An established brand and domain asset in the travel, tourism and digital travel distribution sector is offered for sale.

The included .de domain has existed since 1999. The corresponding German word/device trademark has been registered with the German Patent and sector is offered for sale.

The included .de domain has existed since 1999. The corresponding German word/device Trade Mark Office since 2001 and is currently protected until the end of 2030. The scope of protection includes, among other things, travel agency and online travel agency services, travel information, travel booking, accommodation brokerage and digital travel-related services.

This is not a traditional business sale based on turnover. It is a strategic brand and domain asset for the German travel market. The asset may be suitable as an online travel brand, portal brand, campaign brand, affiliate platform, travel content brand, local market-entry brand or secondary brand for an existing travel company.

Current turnover is not the basis of valuation. The value lies in the long domain history, existing trademark protection, tourism-related positioning and immediate usability in the German travel market.

Further information and documentation regarding domain, trademark and usage history can be provided upon serious interest.
