

The big business marketplace

Business for sale more than 15 years

ID 5263

Look for Corporate participation, firm participation

Trade

We are a young company that is mainly active in international trade with the Gulf region. We represent well-known German companies in the Gulf region. We are looking for investors to set up our own branches in the region, as well as our own business with products from German companies. We offer both short-term investments in individual projects and a long-term participation in the company.
