Offer Corporate co-operation, firm cooperation

Renewable energy

Ladies and gentlemen,
we are a company in the field of trade, import and export. We specialize in the field of renewable energies.

Our house also includes 2 master carpenters with about 14 carpenters.

We are looking for products, concepts for trade in Germany or for export and export. In the field of renewable energies, however, they are also welcome in any other sector.

We have a high level of experience as well as the possibilities to handle larger projects.

If you are interested in this request, please contact us in a timely manner.
