Laser and laser machines high-tech

For the production of lasers and laser machines for the manufacturing industry is to create a new GmbH in postcode area 4.

To this end, discussions have already been held with banks on the financing. In doing so, I was made to choose a merchant (also older) with equity of approximately 50,000 euros, and to as a partner in the newly founded GmbH.

There is a Stone Bite Report, and a CO2

Laser with 1200 watts of laser power is already finished and ready to be presented.
