Offer Corporate co-operation, firm cooperation

Safety, swimming pool

cooperation partner (franchising).

We have been on the market for more than 20 years with a lower product in the field of safety.

As our cooperation partner, you have the opportunity to grow with us.

Our main sales market is France. PoolALARM facilities are required for all 370,000 swimming pools.

Your task is to produce ready-to-ship equipment. This requires soldering knowledge and a little technical understanding. They are paid according to dispatched quantities and reach on average an hourly wage of EURO 60,-- net.

If you want to cooperate with us, you should bear one thing in mind: a franchising cooperation requires a certain equity of at least 10,000 euros.

Companies with free staff and storage rooms are also sought.
