Carpooling centre with attached Immo office

Our business has been established in for over 10 years and is in a very good location for our own service. The technical and spatial equipment is also suitable for extensions.

The two most important business areas are protected by the location. In addition, there is an exclusive licence for the takeover of supra-regional activities in the form of a call centre (traffic service management).

Complete purchase, partnership or temporary lease (if necessary with option of future complete takeover) are possible. Partial payment is also acceptable at the time of purchase, with appropriate security.
