Swiss private school

The owner of a 1993 established, certified, successful operating Swiss private school is looking for a successor. If you operate a technical, management school and are looking for an expansion into Switzerland, or you would like to put your educational experience into your own entrepreneurship you should get in contact with us.

The institute is in possession of all necessary Swiss governmental certifications as well as SQS certified.

The credited courses: Technology / marketing / organisation. Including Swiss federal certified post graduate courses.

The students: Professionals with an ambition to adapt to the industrial needs.

The 60 teachers work on a part time base / mandate contracted, resulting in low fixed costs.

The rental contracts for the rooms and the infrastructure are expandable according to the requirements. The building is located close to public transportation and in reach of the main cities Luzern, Bern, Zuerich and Basel.
