Senior Wg

We have an old Farmhouse in rural Areas on a total of 7885 sqm of Land, of which 2185 sqm are advertised as Building land.

We Want to convert this Resthof Into a Residential Complex for Seniors (built in the Sense of 18025) through extensive Rebuilding measures and create a Residential community With professional Help (a Residential Community would also be conceivable, age-young). This is not the Creation Of an old people's Home or Residence for assisted Living.

Rather, we are concerned with age-appropriate and affordable Housing that can be adapted to the individual Needs of individual Residents at any time by buying services in the Modular principle. Our Motto: Everything can be done by us, nothing has to be bought by the Tenant, takes Into account the Wishes of the Target Group in an ideal Way.

Condominiums are Also possible to Purchase.
