

The big business marketplace

Business for sale more than 15 years

ID 8755

Look for Corporate financing, investor

Tour operators

We have developed an Internet Booking Engine for the last 3 years in the area of travel for the market gap of package holidays with low-cost airlines and now need for the start: a) to provide liquidity protection 15,000 EURO as well as a bank guarantee for a default insurance of an additional 15,000 EUROS. The guarantee is deposited with the insurance company, so that we cannot dispose of it. We can assure the investor 3% of total sales, as we operate at a rigid margin.
