Look for Corporate participation, firm participation

Logistic outsourcing

Seek Participation or Acquisition as an active Partner in the Logistics service sector.

Provide, among other things, experience in complex Logistics Projects, from Calculation to Project planning to Implementation and Operation.

In particular, the Warehouse sector (Storage, Picking, Fabrication (Display construction)) is one of our Core Competencies. Continued Experience in Running large and small Operating Units including Reengineering.

Equally high ITaffinity and Process-oriented Thinking. Experience in the Distribution of Contract logistics and the Creation of Outsourcing Concepts.
